Principal: Kellie Anderson

Dear Parents/Caregivers

We would like to thank all families in the Year 6/7 cohort for their continual support and understanding in these difficult times.

Together we have created a timetable and home pack for learning in the home environment during the second term. The work that students are doing at home is a continuation of what has already begun at school along with a mixture of new activities. All work can be completed on an electronic device or on paper. Instructions on which tasks need to be completed on which day along with how to complete the task will be communicated with you. Elaine Lambos will send correspondence through class Dojo and Andrew Smith will communicate through email. The learning activities undertaken will be the same in P12 and P14.

On the Dernancourt R-7 School website you will notice a section called "Home Learning". This section has a copy of the learning experiences for NIT subjects (Japanese, Science and Performing Arts). This is where students will access the learning tasks for these subjects.

Also on the website is a suggested Home Learning Timetable, which is a guide only, if you wish to follow this to keep students in line with a typical school learning day. Feel free to adjust this as relevant to your situation at home.

If you have any questions, please contact the school or the class teacher via Class Dojo (P12) or email (P14) and we will do our best to support you during this unprecedented time.

Kind Regards

Elaine Lambos & Andrew Smith
