Principal: Kellie Anderson

Dear Parents/Caregivers,

I would like to thank all families in P6 for their continual support and understanding in these difficult times.

To assist you with this new way of working, I have created a timetable and home pack for students to continue their learning at home during the second term. The work that the students are doing at home continues on from what we have already begun at school along with a variety of new activities. All work can be completed in their books just as we normally would in class with photos of completed work to be emailed to me. Instructions on which tasks need to be completed on which day along with how to complete the task will be communicated with you. **As a minimum**, I want the students to do their **spelling and journal** writing every day.

On the Dernancourt R-7 School website you will notice a section called 'Home Learning'. This section has a copy of the learning experiences and activities for NIT subjects and where students will access the relevant learning tasks. Please refer **only** to the **Science** section as this is the only NIT subject that is pertinent for P6.

Also on the website is a suggested Home Learning Timetable, which is a guide only, if you wish to follow this to keep students in line with a typical school learning day. Feel free to adjust this as relevant to your situation at home.

If you have any questions, please contact the school or myself via email and we will do our best to support you during this unprecedented time.

Kind Regards,  
Linda Brooks.
