

J2, J3 and J4 Science

Term 2, Week 3

Read the story of the Three Little Pigs. If you don't have the story you can find it here:

<https://www.youtube.com/watch?v=2s7cz6p7jew>

With an adult talk about:

What 3 things did the pigs make their house out of?
(straw/hay, sticks and bricks)

Were these good materials? Why or why not?

What would you build a house out of? Why?

Activity: In your home learning book, draw each of the houses the pigs made.

Label the material for each house and don't forget to date your work at the top of your page

J2, J3 and J4 Science

Term 2, Week 4

Today you are going to watch a video about different materials and how you can sort them into different groups. You can find the video here:

<https://www.youtube.com/watch?v=veUUii1U8-o>

Activity: Find 6 small items in your house. Suggestions include (but not limited to) spoon, scissors, eraser, pencil, texta, glue stick, saucepan, cardboard tube, piece of paper, toy, piece of lego.

How many different groups can you sort them into?

How will you sort them? By materials? By size? By colour?

Report: Take photos or a short video of your different groups, explaining why you have sorted them into the groups you have, and email it to Mrs P

Natasha.perryman0@schools.sa.edu.au

Alternatively, J2 students can upload theirs to the J2 Facebook page

If you take photos of your different groups, it would be great to print out (if possible) and glue these into your home learning books.
